UNBEARABLE CATERING

notes on dietaries:

any bagel can be made gluten free with a gf bagel swap.

please note that we do not have a dedicated allergen-free prep space and so we cannot guarantee a contamination free environment. we do not advise ordering with us if you are catering for a life-threatening allergy.

although we do not carry nuts in the kitchen usually, we sometimes use nuts in our specials or baked goods, so nuts are present in our kitchen.

we stock dairy-free cheese alternatives (american cheese & cream cheese). these alternative cheeses are nut-free (coconut base).

because we cater for most dietaries, we do not accept alterations to our bagel menu beyond what is offered within this pamphlet.
